A new Special Issue *Catalysts, Biomass & Biofuels* (http://www.jeece.org/sinfo/601005) has been launched in *Journal of Energy, Environmental & Chemical Engineering* (http://www.jeece.org). This Special Issue intends to collect research achievements concerning Catalysis. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

**Lead Guest Editor**

Lead Guest Editor: Dr. Ramya Ganesan  
Affiliation: Department of Chemistry, St.Joseph’s Institute of Technology, Chennai, India

**Papers Submission**

Potential authors are humbly requested to submit an electronic copy of their complete manuscript by http://www.jeece.org/submission

**Topics of Interest Include (but not limited to):**

- Synthesis of novel catalysts and its characterization  
- Greener applications by enzymatic reactions  
- Novel catalytic technologies in food waste processing  
- Creating nano materials through catalysis and their greener applications  
- Chemical methods utilizing catalysts to reconstruct the environment  
- Biomass and feedstock utilization of agroindustrial residue  
- Emerging technologies in catalysis and Nano science  
- Studies on biofuel production techniques

**Important Dates**

Submission Deadline: **Feb. 20, 2020**  
Publication Deadline: **Apr. 20, 2020**

**Join as Guest Editor**

For scholars who have intention to join the special issue as guest editor, please check out the link below:
